Oh, the Places You'll Go! IASC State Convention

The 2017 IASC State Convention was absolutely amazing! Throughout the weekend, we had motivational and energizing speakers. Heather Schultz, Ted Weise, and Kyle Scheele taught us how to truly make a difference and become great leaders. We also engaged in fun activities and decided upon important IASC business. Additionally, students were able to share ideas for their home council. Thank you to everyone who represented NWD. In total we had 3 NWD schools. We hope to increase our attendance next year!

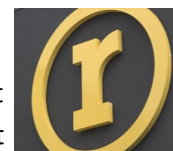

NWD in the Spotlight

Congratulations to NWD's Kathleen Rock on her impressive accomplishment of becoming IASC State President! Another congratulations to NWD Workshop Advisor Kari Ebens for earning the 2017 Advisor of the Year Award!

District Service Project

For this year's district service project, the NWD will be teaming up with the Rockford Rescue Mission. We will be collecting items for their missionary and 9-month program. These items include deodorant, body wash, shaving cream, razors, shampoo, toothpaste, and toothbrushes. Each council can go about collection differently, but a great way to start is by setting up bins/collection locations throughout the schools and towns. The items we collect will be made into bags for each person who lives in Rockford Rescue Mission's 9-month program. Every bag will directly help its recipient!

Summer Event/ Fall Workshop

A'ric Jackson lead a week of empowering and exciting activities for the IASC. In total we had 6 NWD participants at the summer workshop, and we hope to increase that next year. The NWD will invite A'ric back to join us at our Fall Workshop. Don't miss out on this amazing event!
